

2021 ANNUAL REPORT

**INCORPORATED
JANUARY 5, 2021**

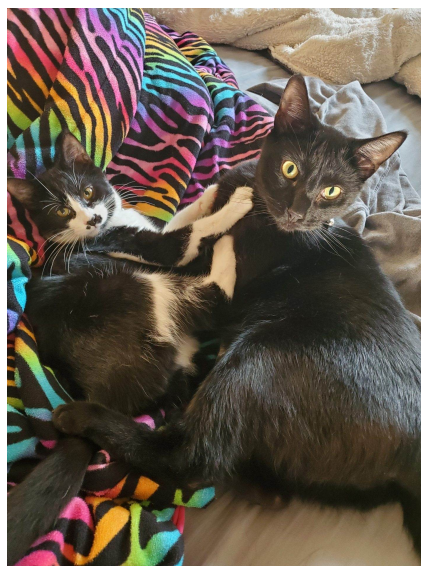

**REGISTERED 501(c)(3)
MAY 29, 2021**

Hello friends of FC3!

Wow! What a year! 2021 was our first official year being incorporated, and half of the year as a registered nonprofit. We made all this happen during a pandemic!

Thanks to your amazing and generous support, we *saved* many lives, *prevented* unnecessary births, and found forever homes for many kittens. We could not do what we do without YOU and your commitment to our purpose.

We are very proud to share our results of 2021 and look forward to another great year in 2022!

A story before the stats

Harbor

BEFORE

AFTER

The Nautical kitties were found abandoned on a boat. They were bottle fed by their foster mom, grew up perfectly healthy, and went to loving forever homes!

Sailor

Fisher

Anchor

Nautica

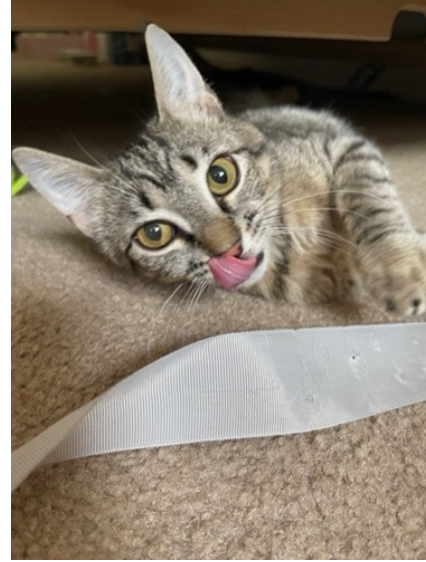

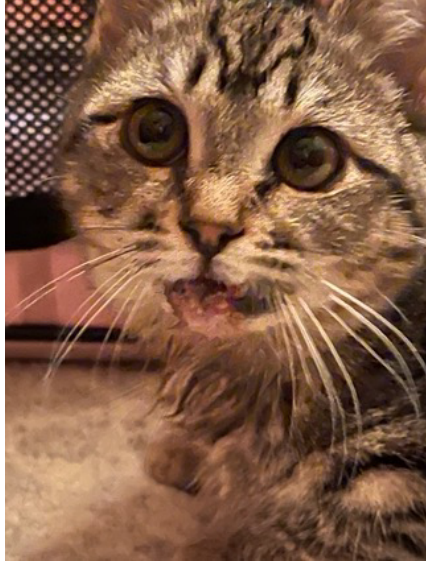

Port

A story before the stats

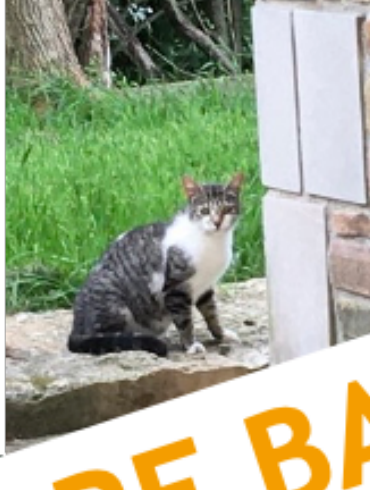

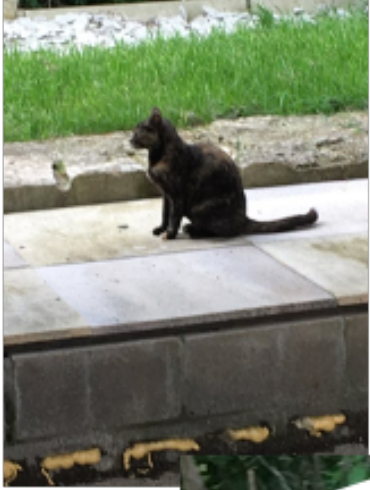

“We can either amputate or euthanize.”
Tommy showed up with a limp and it was discovered he had been shot. While under anesthesia to be fixed, we had to make the quick decision to amputate or euthanize. Thanks to your generous donations, we were able to save sweet Tommy and have his leg amputated. He is one of the sweetest kitties, and he is so spoiled and loved in his forever home. We have a special place in our hearts for Tommy the tripod tabby.

A story before the stats

Tillie was found in a storm drain and taken to a vet by a good Samaritan. It was discovered she had a severely broken jaw. We took her into our care, got her jaw fixed, had her spayed and vaccinated, and she recovered in an amazing foster home. She was adopted and lives like a Princess with a feline sister in NYC.

A story before the stats

NO MORE BABIES!

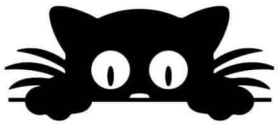

"Since April 2021, I have been working with the members of FC3 on TNR'ing feral & stray cats at my work. As of August, four females and 6 males have been fixed and this is HUGE. The cats will have a chance to live healthy lives without reproducing. This is a great relief for me because I will still make sure they are fed and watered and have shelter, however I will not have to worry about them roaming in the wilderness."
~Diana (colony care taker)

And now the 2021 stats!

With TNR

Without TNR

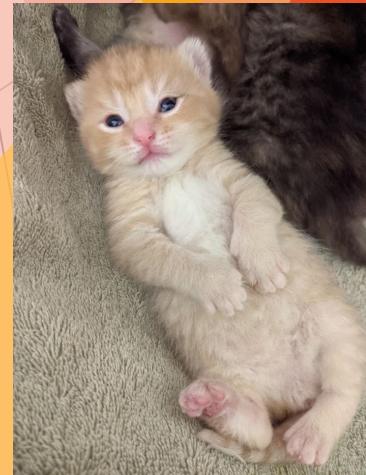

Facebook.com/TNRWorks

101 CATS SPAYED AND NEUTERED

Of the 101, 63 were TNR'd (trapped, neutered, and returned)

**101 CATS SPAYED
AND NEUTERED**

**Of the 101,
38 were fostered
34 found forever
homes**

(4 still in foster)
